## REPORT OF SUPERINTENDENT OF SCHOOLS

*To the Members of the School Board, Newbury, N. H.:*

Herewith is submitted my report of the work of the schools for 1928-29.

### TEACHERS EMPLOYED.

School	Teacher	Training	Exp.	Cred.	Salary
Baker Hill	K. N. S. Cadets	.....1-1 $\frac{3}{4}$ Years	0	P	\$612.00

### SCHOOL STATISTICS.

	Baker Hill	Center	South	Total 28-29	Total 27-28
No. half-days in session	356	354	354	1064	704
No. half-days lost	4	6	6	16	16
Total pupils registered	19	27	22	68	61
Average membership	13.04	23.56	17.00	53.6	40.68
Per cent. of attendance	95.47	93	96.35	94.9	92.5
No. of tardiness	16	19	65	100	50
Average tardiness per pupil	1.2	.8	3.8	1.8	1.2
No. of visits of school board	6	2	12	20	10
No. of visits of Supt.	30	31	31	92	58
No. of visits of citizens	28	37	93	158	134

1. The opening of the Baker Hill School makes the total of half-days in session much larger. In average number of sessions for each school there has been a steady increase during the past three years.

2. There is an increase in the total number of pupils registered, and a large increase in the total average membership. In the past three years there has been an increase of 17.7 in average membership. The schools are gradually growing in size.

3. The per cent of attendance has increased 2.4.

4. The number of tardinesses has doubled. A great part of the increase was at the South School.

5. The number of visits by members of the school board has doubled.

As may be noted the number of pupils enrolled in the public schools of the district was 68. The other pupils residing in the district attended the Warner High School during the year. This makes the total number of pupils residing in the district and attending public schools 71. The per capita for December 1930 will therefore be \$142.

#### ROLL OF PERFECT ATTENDANCE.

*For Full Year*—Raymond Currier, Doris Muzzey, Irene Muzzey.

*For Three 9-Week Periods*—Lucille Fortune, Jean Plumridge.

*For Two 9-Week Periods*—Henry Bushway, Alice Hewey, Francis Hewey, Henry Hewey, Mildred Hewey, Marjorie Muzzey, Alice Croteau, Bernard Croteau, Louise Willis,

Arthur Leach, Frances Leach, Lucille Burton, Wm. Burton, Frances Burton, Janet Muzzey, Marshall Rowe, Richard Wilhelm.

*For One 9-Week Period* — Irving Bly, Barbara Rowe, Carlson Gregory, Robt. Wilhelm, Harold Therrien, Margaret Parker, Merle Rich, Jr., Rosina Dijilio, Lyman Miller, Rolland Hall, Irving Gillingham, Adele Rogalski, Irene Croteau, Walter Croteau, Robert Kean, Janet Maxfield.

#### MEDICAL INSPECTION.

The regular medical inspection of the schools was made by V. Florence Chadburn, R. N., and reported as follows:

No. pupils examined .....	53
No. teachers examined .....	3
No. pupils 10% or more underweight..	13
No. cases defective vision.....	2
Cases defective teeth .....	31
Defective breathing .....	6
Diseased tonsils .....	13
Nervous condition .....	1

As will be noted from the above report the percentage of children having defective teeth is very high. We would recommend that arrangements be made for a dental clinic at Newbury. In some districts the local Red Cross has assisted those who were unable to pay the whole expense of work on their teeth. Possibly this might be done here.

The value of the annual medical inspection would be greatly increased if a sum of money were appropriated for follow-up work. This would enable the school nurse to explain to parents in more detail by home visits what is needed by their children. It would also enable her to get transportation for children to cities of the state where various free clinics are held. Some action of this kind is worthy of serious consideration as parents often neglect

the card report of the annual medical inspection, or are financially unable to hire a physician to make needed corrections.

In June graduation exercises for pupils who had completed the work of the eighth grade were held at Newbury Center. The following pupils received diplomas:

From the Center School—Irving Gillingham, Theodore Fortune.

From the South School—Jack Wilhelm.

In November and December standard tests were given in each school in all the common school subjects. A diagnosis of the weakness of each class was made, and work for classes as well as individuals was prescribed for the remainder of the year. In May retests were given in Grammar and Arithmetic. Considerable improvement was noted in the former subject.

On account of the number of pupils in the vicinity of Baker Hill, the schoolhouse there was repaired and put in good condition during August, 1928. The most serious need at this building now is some improvement in the toilet. On account of a ledge of rock under the building it will be somewhat expensive to install a chemical toilet, but this is probably the best solution of the difficulty. During warm weather the present arrangements so near the schoolroom and entry are liable to prove disagreeable and unsanitary. There should also be some playground apparatus for the use of the pupils of this school.

Single adjustable desks are needed at the South School.

We wish to thank the board for their interest, co-operation, and support in the work of the schools during the year.

Respectfully submitted,

JOHN A. SINCLAIR,

*Superintendent of Schools.*
